INFINITUM HOSPITAL BEDS

Infinitum beds series aims to elevate healthcare services throughout the world providing advanced quality of hospital furniture. Our beds are supporting the changing needs of healthcare facilities, so you can deliver elevated care. All too often, life-altering health events are accompanied by costly complications. To manage these events, you need a comprehensive solution. INFINITUM Beds designed to help patient's improvement safety and satisfaction.

01

EMERGEUM FUNCTIONAL EMERGENCY STRETCHER

EMERGEUM Stretcher is designed to reduce the physical strain on clinicians, drive efficiency and enhance patient comfort. Fully equipped and highly configurable, the EMERGEUM Stretcher allows you to create the ideal solution to meet your specific needs. EMERGEUM allows to take full-body X-ray film while patient lying on the stretcher.

OBSTETRA DELIVERY BED

OBSTETRA designed to ensure maximum comfort for mother, baby, midwife and obstetricians. OBSTETRA ensures high level stability as well as safety with robust columnar structure. Electrical adjustments and comprehensive accessories enable to obtain extensive positions during labor. OBSTETRA Supplied with comprehensive range of accessories that becomes a complete delivery bed.

Flagship Products

UNICART CRASH CARTS

The flexibility of UNICART Crash Carts permits a customized configuration of drawers and accessories to best meet your requirements. UNICART Crash carts the latest design and the latest technology to meet the unique requirements of today's professionals.

STACKER MRI MRI COMPATIBLE WHEELCHAIR

STACKER MRI designed with complete non-magnetic structure to transfer patients for MRI rooms. It will pass through detection or entry systems without setting off a warning and can be used during MRI process safely. With 68% stacking ratio; STACKER MRI occupies minimal space.

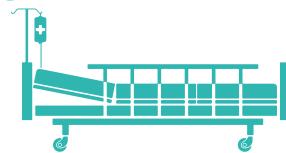

INOXY 113 SURGICAL SCRUB UNIT

Surgical scrub units are constructed with high quality stainless steel material, equipped with simplest operation. Knee operated panels or infrared sensors applicable as per demands to provide users to quickly clean and sanitize hands-free. Customized designs and changing configuration is to meet your expectations. Check stop strainers and a flow control valve makes surgical scrub sinks ideal for easy maintenance and long lasting.
